

Welwyn St. Mary's Primary School

Summer Term

2025

Year 3

English

In English lessons, children are taught speaking, listening, reading and writing skills through the Essential Writing scheme of work. These include: narrative, persuasive speeches, narrative and poetry.

Your child will be part of the whole class guided reading session where they develop their reading and comprehension skills with their teacher. **Please ensure that your child continues to read at home every day for at least 10 minutes and that you complete their Home Learning Record book by commenting and signing it at the end of each week. We would ask you to continue to hear your child read and ask questions about the text as often as you can. Explore new words and phrases together and talk about the characters. It is also beneficial if you read to your child whenever possible.** For more top tips on supporting your child with their reading, have a look at these websites ...

Please feel free to comment on any additional home learning your child has completed so we can celebrate it at school.

Mathematics

This term our focus will be on division and multiplication, telling the time, decimals and measures.

Please encourage your child to continue to learn their 2, 3, 4, 5, 8, and 10-times tables, including division facts, to enable accurate and rapid recall. We will continue with tests on Fridays TTrack stars, Numbots and BBC bitesize can be used at home and is a fun way of learning tables.

Mental maths books will be sent out to support learning in maths on Friday, to be returned by **Wednesday please.**
